

# SAFETY DATA SHEET

## 1. Identification

**Product identifier** Fedolram 90  
**Recommended use** For Industrial Use Only  
**Recommended restrictions** Ramming for basic ladles around well blocks, porous plugs, and ladle bottoms Tundish nozzles.

### Manufacturer/Supplier information

**Company name:** FRC Global  
**Address:** 1000 N. West St.  
Suite 1200 #3008  
Wilmington, DE 19801  
**Product Support/Technical Services**  
**Phone:** (514) 931-5711  
**Website** www.FRCglobal.com

**Emergency telephone number:** Corporate Office: (514) 931-5711  
**Technical Services:** (514) 931-5711  
**Contact E-Mail:** [LadleDr@FRCglobal.com](mailto:LadleDr@FRCglobal.com)

## 2. Hazard(s) identification

**Physical hazards** Not classified.  
**Health hazards** Carcinogenicity Category 1A  
**Environmental hazards** Not classified.  
**OSHA-defined hazards** Not classified.  
**Label elements**

**Signal word** Danger.  
**Hazard Statement** May cause cancer.  
**Precautionary statement**  
**Prevention** Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves, protective clothing, and eye protection.  
**Response** If concerned: Get medical advice/attention.  
**Storage** Store locked up.  
**Disposal** Dispose of contents/containers in accordance with local, regional, national, and international regulations.  
**Hazard(s) not otherwise Classified (HNOC)**  
None Known.

### 3. Composition/information on ingredients

<i>Chemical Name</i>	<i>Common Name/Synonyms</i>	<i>CAS Number</i>	<i>%</i>
Magnesium Oxide		1309-48-4	*
Silicon Dioxide		7631-86-9	
Calcium Oxide		1305-78-8	
Iron Oxide		1309-37-1	*
Aluminum Oxide		1344-28-1	

\*Designates that a specific chemical identity and/or composition percentage has been withheld as a trade secret.

### 4. First-aid measures

<b>Inhalation</b>	Move to fresh air. Call a physician if symptoms develop or persist.
<b>Skin contact</b>	Wash off with soap and water. Get medical attention if irritation develops and persists.
<b>Eye contact</b>	Rinse with water. Get medical attention if irritation develops and persists.
<b>Ingestion</b>	Do not induce vomiting. Rinse mouth. Get medical attention if symptoms occur.
<b>Most important symptoms/effects, acute and delayed</b>	Irritation, Nausea, Headache, Shortness of Breath.
<b>Indication of immediate medical attention and special treatment needed</b>	Provide general supportive measures and treat symptomatically.
<b>General information</b>	If concerned: Get medical advice. Ensure that medical personnel know the material(s) involved and take precautions to protect themselves.

### 5. Fire-fighting measures

<b>Suitable extinguishing media</b>	Use fire-extinguishing media appropriate for surrounding materials.
<b>Unsuitable extinguishing media</b>	Not available.
<b>Specific hazards arising from the chemical</b>	Combustion products may include carbon oxides or other toxic vapors. Thermal decomposition can lead to the release of irritating gases and vapors which may include Magnesium Oxide.
<b>Special precautions for firefighters</b>	Use water spray or fog for cooling exposed containers. Remove containers from the fire area if this can be done safely. Do not breathe fumes from fires or vapor from decomposition.

### 6. Accidental release measures

**Personal precautions, protective equipment, and emergency procedures**

Keep unnecessary personnel away. For personal protection, see Section 8 of the SDS. Ensure that air-handling systems are operational. Ensure adequate ventilation.

#### Methods and materials for containment and cleaning up

Stop the flow of material if this is without risk. Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration. Avoid dispersal of dust in the air (i.e. clearing dust surfaces with compressed air). Collect solids in powder form using a vacuum with a HEPA filter. Evacuate personnel to a safe area. Following product recovery, flush the area with water. For waste disposal, see Section 13 of the SDS.

#### Environmental precautions

Avoid discharge into drains, water courses, or onto the ground.

## 7. Handling and storage

#### Precautions for safe handling

Avoid prolonged exposure. Minimize dust generation and accumulation. Follow good hygiene procedures when handling chemical materials. Refer to Section 8. Do not eat, drink, smoke, or use personal products when handling chemical substances. Avoid contact with eyes, skin, and clothing.

#### Conditions for safe storage, including any incompatibilities

Store away from incompatible materials. Protect from freezing and physical damage. Keep away from food and beverages. Provide ventilation for containers. Avoid storage near extreme heat, ignition sources, or open flame. Store in cool, dry conditions in well-sealed containers. Store away from incompatible materials (see Section 10 of the SDS).

## 8. Exposure controls/personal protection

#### Occupational exposure limit

#### US OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)

<i>Components</i>	<i>Type</i>	<i>Value</i>	<i>Form</i>
Magnesium Oxide (CAS 1309-48-4)	PEL	15 mg/m <sup>3</sup>	Total particulate.
Silicon Dioxide (CAS 14808-60-7)	PEL	6 mg/m <sup>3</sup>	
Calcium Oxide (CAS 1305-78-8)	TWA	5 mg/m <sup>3</sup>	
Iron Oxide (CAS 1309-37-1)	TWA	10 mg/m <sup>3</sup>	Respirable fraction.
Aluminum Oxide	PEL	15 mg/m <sup>3</sup>	Respirable fraction.

(CAS 1344-28-1)

#### US ACGIH Threshold Limit Values

<i>Components</i>	<i>Type</i>	<i>Value</i>	<i>Form</i>
Magnesium Oxide (CAS 1309-48-4)	TWA	10 mg/m <sup>3</sup>	Inhalable fraction.
Iron Oxide (CAS 1309-37-1)	TWA	5 mg/m <sup>3</sup>	Respirable fraction.
Aluminum Oxide (CAS 1344-28-1)	TWA	1 mg/m <sup>3</sup>	Respirable fraction.

#### Biological limit values

No biological exposure limits were noted for the ingredient(s).

#### Appropriate engineering controls

Emergency eye wash fountains and safety showers should be available near use/handling. Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapor or dust (total/respirable) below the applicable workplace exposure limits (Occupational Exposure Limits-OELs) indicated above. Ensure that dust-handling systems (such as exhaust ducts, dust collectors, vessels, and processing equipment) are designed in a manner. To prevent the escape of dust into the work area.

#### Individual protection measures, such as personal protective equipment

##### Eye/face protection

If contact is likely, wear safety glasses with side shields (or goggles).

##### Skin protection

##### Hand protection

Wear appropriate chemical-resistant gloves.

##### Other

Wear suitable protective clothing.

##### Respiratory protection

Not required under normal conditions of use. Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type N100 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. When necessary, use NIOSH-approved breathing equipment.

#### Thermal hazards

Wear appropriate thermal protective clothing, when necessary.

#### General Hygiene Considerations

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

## 9. Physical and chemical properties

<b>Appearance</b>	
Physical state	Solid.
Form	Solid.
Color	Brown.
Odor	Not available.
Odor threshold	Not available.
pH	Not available.
Melting point/freezing point	2570°C
Initial boiling point and boiling range	2850°C
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not available.
Upper/lower flammability or explosive limits	
Flammability limit - lower (%)	Not available.
Flammability limit - upper (%)	Not available.
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Not available.
Vapor density	Not available.
Relative density	2.4 - 3.2
Solubility(ies)	
Solubility (water)	Not available.
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.

## 10. Stability and reactivity

<b>Reactivity</b>	The product is stable and non-reactive under normal conditions of use, storage, and transport.
<b>Chemical stability</b>	Material is stable under normal conditions.
<b>Possibility of hazardous reactions</b>	No dangerous reaction is known under conditions of normal use.
<b>Conditions to avoid</b>	Contact with incompatible materials.
<b>Incompatible materials</b>	Strong acids, Interhalogens (i.e. Bromine Pentafluoride, Chlorine Tri-fluoride, Phosphorous Pentachloride).
<b>Hazardous decomposition products</b>	Magnesium fume may be generated if heated to volatilization, heat and steam may be generated upon contact with water.

## 11. Toxicological information

### Information on likely routes of exposure

Inhalation	Prolonged inhalation may be harmful.
Skin contact	No adverse effects due to skin contact are expected.
Eye contact	Direct contact with the eyes may cause temporary irritation.
Ingestion	Expected to be a low ingestion hazard.

### Symptoms related to the physical, chemical, and toxicological characteristics:

Coughing.

### Information on toxicological effects

Acute toxicity	Not available.
Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.
Serious eye damage/eye irritation	Direct contact with the eyes may cause temporary irritation.
Respiratory or skin sensitization	
Respiratory sensitization	Not a respiratory sensitizer.
Skin sensitization	This product is not expected to cause skin sensitization.
Germ cell mutagenicity	No data is available to indicate product, or any components present at greater than 0.1% are mutagenic or genotoxic.

### Carcinogenicity

This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

### US OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not listed.

### Reproductive toxicity

This product is not expected to cause reproductive or developmental effects.

### Specific target organ toxicity - single exposure

Not classified.

### Specific target organ toxicity - repeated exposure

Not classified.

### Aspiration hazard

Not an aspiration hazard.

### Chronic effects

Prolonged inhalation may be harmful.

## 12. Ecological information

### Ecotoxicity

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

### Persistence and degradability

No data is available on the degradability of this product.

### Bio-accumulative potential

No data available.

### Mobility in soil

No data available.

### Other adverse effects

No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

### 13. Disposal considerations

Disposal instructions	This product, in its present state, when discarded or disposed of, is not hazardous waste according to Federal regulations (40 CFR 261.4 (b)(4)). Under RCRA, it is the responsibility of the user of the product to determine, at the time of disposal, whether the product meets RCRA criteria for hazardous waste.
Hazardous waste code	Not applicable.
Waste from residues / unused products	Not available.
Contaminated packaging	Not available.

### 14. Transport information

DOT	Not regulated as dangerous goods.
IATA	Not regulated as dangerous goods.
IMDG	Not regulated as dangerous goods.
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code	Not applicable.

### 15. Regulatory information

US federal regulations	This product is not known to be a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. All chemical substances in this product are listed on the TSCA chemical substance inventory where required.
TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)	Not regulated.
CERCLA Hazardous Substance List (40 CFR 302.4)	Not listed.
SARA 304 Emergency release notification	Not regulated.
US OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)	Not listed.
Superfund Amendments and Reauthorization Act of 1986 (SARA)	
Hazard categories	Immediate Hazard - No Delayed Hazard - No Fire Hazard - No Pressure Hazard - No Reactivity Hazard - No
SARA 302 Extremely hazardous substance	Not listed.
SARA 311/312 Hazardous Chemical	Not listed.
SARA 313 (TRI reporting)	Not listed.
Other federal regulations	
Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List	Not regulated.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130) Not regulated.

Safe Drinking Water Act (SDWA) Not regulated.

**US state regulations**

**US California Controlled Substances. CA Department of Justice (California Health and Safety Code Section 11100)**

Not listed.

**US Massachusetts RTK - Substance List**

Magnesium Oxide (CAS 1309-48-4)

**US New Jersey Worker and Community Right-to-Know Act**

Magnesium Oxide (CAS 1309-48-4)

**US Pennsylvania Worker and Community Right-to-Know Law**

Magnesium Oxide (CAS 1309-48-4)

**US Rhode Island RTK** Not regulated.

**US California Proposition 65**

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

**16. Other information, including date of preparation or last revision**

This information is supplied to be informative and to alert the user of the material. The ultimate compliance with federal, state, and/or local regulations concerning the use of this material, or compliance with respect to product liability, rests solely upon the purchaser thereof.

**Prepared by:** FRC Global

**Date:** October 2020

DISCLAIMER: Reasonable care has been taken in the preparation of the information provided and believed to be correct as of the issue date. However, FRC Global makes no representation or warranties and assumes no responsibility as to the completeness and accuracy thereof. Users must make their own determination as to the suitability of the product for their purpose before use. FRC Global will not be responsible for any damages of any nature directly or indirectly whatsoever resulting from the use of, reliance upon, or misuse of the information contained herein.
